

Make-up Assignment for the missed performance with EJH Concert Choir

For students who miss any of EJH Concert Choir performances/concerts, the following make-up assignment has to be completed. It must be turned in no later than one week after the performance. Please read the instructions carefully, as your work will be graded on quality, content and ability to follow guidelines.

Write a 2 page paper (typed, 12 pt font, single spaced) on one of the subjects listed below. You may use the Internet, library, CD booklets or recordings as references, but **do not just copy the information** down in your paper. The report should be written in your words, discussing the information you have learned in your research. You must also include a **bibliography** (list of sources used) in your report - you must have at least 3 separate, individual references in your bibliography.

Available Topics for your Report

- 1) Give a summary of the history and evolution of the choral music in USA or any other country. You have to include important performers and the role they played in developing choral music in that country.
- 2) Write a biography on the life of one of the following composers: W.A. Mozart, F.J. Haydn, F. Schubert, P. Tchaikovsky, G. Gershwin, A. Copland.
- 3) Give a summary of one of the following Music Eras: Baroque, Classical or Romantic. Discuss the time frame in which it occurred, other historical events at the time, significant composers/musicians and be sure to include facts that made the Era unique from other times in music history.

REMINDER: Include a Bibliography as part of your assignment, with detailed information on what sources you used for your report. This 165-point make-up assignment will be graded based on content and presentation. All the above specifications must be met to receive 80% of the performance credit.

SUMMARY RUBRICS

Part I: CONTENT /50 pts.

Part II: FORMAT /40 pts.

- ___/20 1 full page in length (not including Works Cited).
- ___/5 Single-spaced (excluding Works Cited page).
